

# GENEALOGY RESEARCH REQUEST FORM

---

Your name \_\_\_\_\_

Your address \_\_\_\_\_

Phone \_\_\_\_\_ Email \_\_\_\_\_

Please print out and complete the **Ancestral Chart** on the next page as fully as you can, providing as many details as you have about your ancestry (use more than one form if needed).

**PLEASE NOTE** that I have *very* limited access to information about people born after 1920 or so because of privacy concerns. If you have no information for earlier generations, let me know and I will try to walk you through the process of retrieving this information yourself.

Please describe what information you are looking for (e.g. whatever can be found, information on a specific branch of your family, details on the life of a specific person, etc.)

Are there any additional details that might help me find information on your family? (e.g. religion or denomination, occupations, information on your ancestors' siblings, etc.)

Are there any family stories / rumours / myths you would like me to investigate? (e.g. Native ancestry, connections to British aristocracy, scandals, etc.)

**I will spend up to half an hour *free of charge* investigating what information is available on your family, and contact you later with a research plan and a cost estimate.**
